

## CONTENTS VOLUME 60

## REVIEW ARTICLES

- M. Biegańska, W. Dardzińska, B. Dworecka-Kaszak: Fungal colonization – an additional risk factor for diseased dogs and cats? .....139
- S. Dasgupta, S. Aghazadeh-Dibavar, M. Bandyopadhyay: The role of toll-like receptor agonists in immunotherapy of leishmaniasis. An update and proposition of new antileishmanial therapy .....75
- I. Dąbrowska, B. Dworecka-Kaszak: The application of MALDI-TOF MS for dermatophyte identification .....147
- A.W. Demiaszkiewicz: Migrations and the introduction of wild ruminants as a source of parasite exchange and emergence of new parasitoses .....25
- A.W. Demiaszkiewicz: *Dirofilaria repens* Railliet et Henry, 1911 – a new parasite acclimatized in Poland .....31
- H. Długońska: *Toxoplasma gondii* and the host cells .....83
- H. Długońska: *Toxoplasma gondii* and mast cells .....235
- B. Dworecka-Kaszak: *Cordyceps* fungi as natural killers, new hopes for Medicine and biological control factors .....151
- R. Flora, S. Aghazadeh-Dibavar, M. Bandyopadhyay, S. Dasgupta: Immunosuppression during *Leishmania donovani* infection: a potential target for the development of therapy .....239
- K. Góralska: Interactions between potentially pathogenic fungi and natural human microbiota .....159
- G. Karbowski: The occurrence of the *Dermacentor reticulatus* tick – its expansion to new areas and possible causes .....37
- E. Lonc, K. Guz-Regner, D. Kiewra, A. Szczepańska: Insight into tick biocontrol with special regard to fungi .....169
- M. Nowak-Chmura: A biological/medical review of alien tick species (Acari: Ixodida) accidentally transferred to Poland .....49
- A. Okulewicz: Helminths in migrating and wintering birds recorded in Poland .....19
- T. Pojmańska, K. Niewiadomska: Alien species of parasites – some questions concerning terminology .....5
- M.M. Skoczylas, A. Walat, A. Kordek, B. Łoniewska, J. Rudnicki, R. Maleszka, A. Torbé: Congenital candidiasis as a subject of research in medicine and human ecology .....179
- N. Sobczak, M. Kantyka: Hirudotherapy in veterinary medicine .....89

## ORIGINAL PAPERS

- A. Balicka-Ramisz, B. Pilarczyk: Occurrence of coccidia infection in pigeons in amateur husbandry. Diagnosis and prevention. ....93
- A. Balicka-Ramisz, M. Wróbel, K. Adadyńska: Epidemiology and economic benefits of treating rabbits coccidiosis in small farms from West Pomerania Province, Poland .....247
- R. Bartczak, A. Okulewicz: Epizootic situation of mouflon *Ovis aries musimon* in Lower Silesia on the basis of coproscopic examinations .....253
- A. Biedunkiewicz, K. Kowalska, Ł. Schulz, K. Stojek, M. Dynowska, E. Ejdys, E. Sucharzewska, D. Kubiak: Mycological monitoring of selected aquatic ecosystems in the context of epidemiological hazards. Drinking water. ....191
- B. Biernat, G. Karbowski: Study on the occurrence of tick-borne encephalitis virus RNA in European bison (*Bison bonasus*) eliminated at Białowieża Primeval Forest (north-eastern Poland) in 2005–2009 .....99
- B.K. Bla, W. Yavo, J. Trebissou, R.G. Kipre, F.H. Yapi, J.D. N'guessan, J.A. Djaman: Polymorphisms of the Pfatpase 6 and Pfert gene and their relationship with the in vitro susceptibility to dihydroartemisinin and chloroquine of *Plasmodium falciparum* isolates from Abobo, Côte d'Ivoire .....259
- J.M.I. Corales, V.V. Vilorio, V.M. Venturina, C.N. Mingala: The prevalence of *Ehrlichia canis*, *Anaplasma platys* and *Babesia* spp. in dogs in Nueva Ecija, Philippines based on multiplex polymerase chain reaction (mPCR) assay .....267
- M. Dynowska, E. Ejdys, A. Biedunkiewicz, D. Kubiak, E. Sucharzewska, M. Roślan: Yeasts isolated from frequently in-patients and out-patients .....199
- J. Kowal, P. Nosal, R. Niedziółka, S. Kornaś: Presence of blood-sucking mesostigmatic mites in rodents and birds kept in pet stores in the Cracow area, Poland .....61
- P. Kozina, A. Gólc, J.N. Izdebska: New data on the prevalence of *Trichodectes melis* (Phthiraptera, Trichodectidae) on the European badger *Meles meles* (Carnivora, Mustelidae) .....273
- I. Kuligowska, A.W. Demiaszkiewicz, R. Kowalczyk: A new occurrence of *Eimeria alces* (Apicomplexa: Eimeridae) in elk (*Alces alces*) in East Poland .....277

P. Kurnatowski, S. Moqbil, D. Kaczmarczyk: Signs, symptoms and the prevalence of fungi detected from the oral cavity and pharynx of radiotherapy subjects with head and neck tumors, and their susceptibility to chemotherapeutics	207
N. Mezeid, F. Shaldoum, A.I. Al-Hindi, F.S.A. Mohamed, Z.E.A. Darwish: Prevalence of intestinal parasites among the population of the Gaza Strip, Palestine	281
K. Mazurkiewicz-Zapałowicz, M. Jaborowska-Jarmoluk, L. Kołodziejczyk, W. Kuźna-Grygiel: Comparison of the effect of the chosen species of saprotrophic fungi on the development of <i>Toxocara canis</i> and <i>Ascaris suum</i> eggs	215
H. Moniuszko, J. Mąkol: Chigger mites (Actinotrichida: Parasitengona, Trombiculidae) of Poland. An updated distribution and hosts.	103
P. Nosal, D. Kowalska, P. Bielański, J. Kowal, S. Kornaś: Herbal formulations as feed additives in the course of rabbit subclinical coccidiosis	65
R.T. Salvador, R.P. Abalos, A.M. Ruba, C.N. Mingala: A comparison of FLOTAC and CFF techniques in detecting gastrointestinal parasites in water buffaloes ( <i>Bubalus bubalis</i> )	119
D. Salamon, M. Bulanda: <i>Toxoplasma gondii</i> and women of reproductive age: an analysis of data from the Chair of Microbiology, Jagiellonian University Medical College in Cracow	291
Z. Sołtysiak, J. Rokicki, M. Kantyka: Histopathological diagnosis in parasitic diseases	127
R.K. Tenguria, M.I. Naik: Evaluation of human cystic echinococcosis before and after surgery and chemotherapy by demonstration of antibodies in serum	297
A. Tomza-Marciniak, B. Pilarczyk, B. Tobiańska, N. Tarasewicz: Gastrointestinal parasites of free-range chickens	305

#### SHORT NOTES

J. Kozłowska-Łój, A. Łój-Maczulska: Prevalence of cysticercosis in cattle and pigs in the Lublin province in the years 2009–2012	309
--	-----

#### CASE REPORTS

H. Nourani, H. Abassi Dehkordi, S. Soltani, M. Khosravi: First report of hepatic cysticercosis in a rook ( <i>Corvus frugilegus</i> ) (Passeriformes, Corvidae)	311
---	-----

#### CHRONICLE

Z. Pawłowski: Professor James Harlan Steele, DVM (1913–2013). Obituary.	133
A. Sopińska: Professor Maria Prost DVM, PhD (1921–2014)	315
J. Udała, B. Pilarczyk: Professor Alojzy Ramisz – into memory of his life and work	317
